Application and purchase information can be obtained from your child's school. In addition, parents' insurance also may provide coverage for injuries to their child(ren). Board policy (6720) addresses the insurance requirements for participating in specified activities.

6720.1 Every student participant in a student activity that requires accident insurance shall be required to:

- A. Furnish proof of membership in the student accident insurance program, or
- B. Furnish proof that compatible coverage is carried in another insurance policy.

Your child has indicated an interest in participating in a student activity that requires accident insurance coverage. Please check A or B below to indicate the method by which the required coverage will be provided. This form must be signed by parent(s)/guardian(s) and returned to your child's school.
